
WHY SHOULD YOU LEARN CHESS?

There is no better way to rehearse life than to play a game of chess.

At The Queen's Gambit Chess Institute, we are innovating chess to fit the needs of 21st century students and the community.

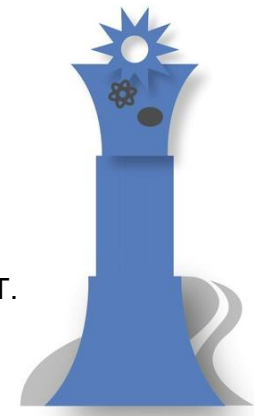

We offer chess programming to organizations and schools,

provide curriculum to teachers and families,

mentor students who complete projects to impact their community,

and use chess to create a sustainable Pittsburgh

through EDUCATIONAL, ECONOMIC, SOCIAL, AND POLITICAL DEVELOPMENT.

Chess is strategy. It's that strategy that teaches life skills and makes Pittsburgh...

Pittsburgh. Join the movement #pghchessmovement.

ENRICHING LIVES, ONE MOVE AT A TIME.
